 **TOOLS:**

- [JIS #1](#) (1)

 **PARTS:**

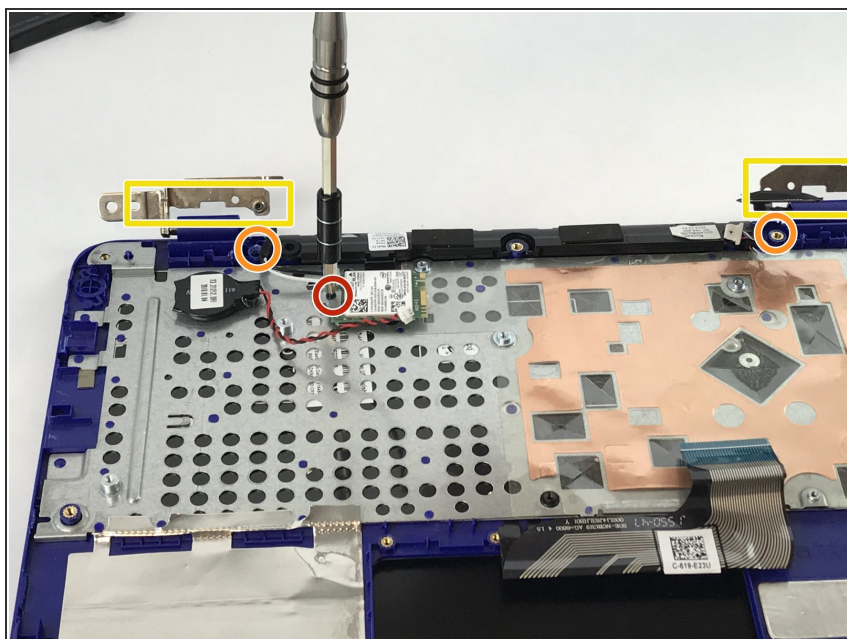

- [Dell Inspiron 11 screen](#) (1)
-

## Step 1 — Screen

- Lay the laptop flat with its bottom up exposing the screws holding it together. Unscrew these eight screws with a JIS #1 screwdriver and put them aside.
- Use your screw driver to pry off the plastic cover exposing the last screw in the middle.
- Remove the screw and save the plastic cover to put back on later when done.

## Step 2

- Remove this one screw with the JIS #1 screwdriver in order to take off the holding plate for the WiFi card adapter. Then remove the adapter.
- Unscrew these two screws with a JIS#1 screwdriver.
- Peel back the two metal brackets to remove the screen.
