

Lenovo G40-30 Battery Replacement

How to replace a Lenovo G40-30 battery.

Written By: Kalah

INTRODUCTION

This replacement is extremely easy and doesn't require any tools. Please make sure the computer is off and unplugged before starting the guide.

Step 1 — Battery

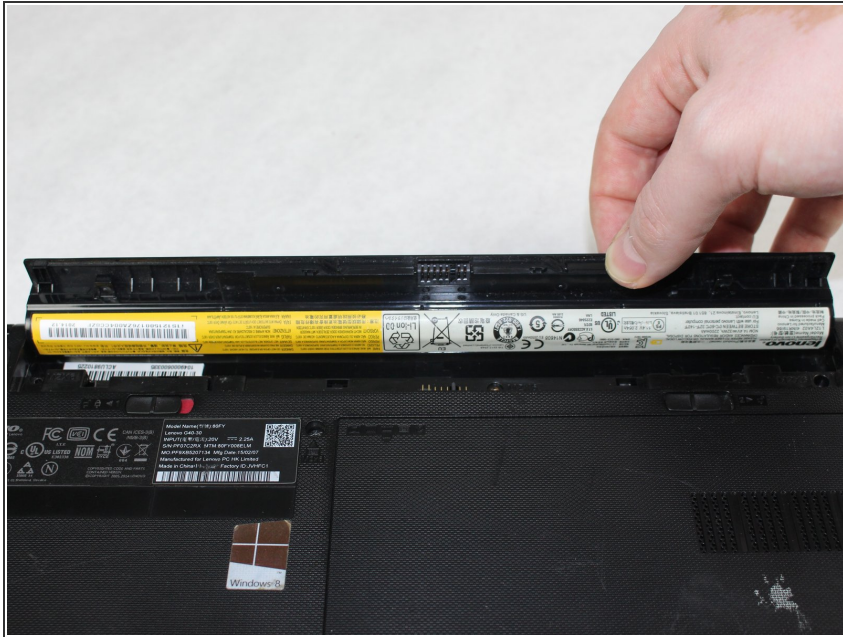

- At the top of the laptop you will see two switches, like in image one and two.
- Pull the switches outwards with your thumb, towards the unlocked lock.

Step 2

- Once both switches are pulled, the battery should pop out.

Step 3

- Now you are ready to insert your new battery.

To reassemble your device, follow these instructions in reverse order.
