

# Ion Air Pro Lens Cover Removal

This guide provides instruction on replacing the Ion Air Pro's lens cover.

Written By: Christopher Brandl

---

## INTRODUCTION

Is the lens cover of your device dirty or broken? Consider using this guide to replace the lens cover of your camera.

---

### TOOLS:

- [Phillips #00 Screwdriver](#) (1)
-

## Step 1 — Lens Cover

- Remove the 6 screws that secure the lens cover bezel with a #00 Phillips screwdriver.

## Step 2

- Lift the lens cover bezel off of the camera body.

### Step 3

- Pull lens cover off of the camera body.
- ⚠ Be careful to not scratch the camera lens while removing the lens cover.

To reassemble your device, follow these instructions in reverse order.
