

Toshiba Satellite L505 Laptop Battery Replacement

The purpose of this guide is to replace the battery on the Toshiba Satellite L505 Laptop

Written By: Matias

INTRODUCTION

The battery is the easiest component to replace on this laptop since it requires only your fingers, as there is no screw to remove in order to access the battery.

Step 1 — Battery

- Turn your laptop upside down, at the bottom of the laptop, slide the right sliding lock to the unlocked position.
- Slide the left sliding lock to the left and hold it. Using your fingers lift the battery out.

To reassemble your device, follow these instructions in reverse order.
