

Toshiba Satellite L505 Laptop Optical Drive Replacement

The purpose of this guide is to replace the optical drive on the Toshiba Satellite L505 Laptop

Written By: Matias

INTRODUCTION

The optical drive is one of the easiest components of the laptop to remove. Being able to be done in 2 steps, it is a fairly simplistic process that requires only a phillips head screwdriver

TOOLS:

- [Phillips #1 Screwdriver](#) (1)
-

Step 1 — Optical Drive

- Turn the laptop upside down.
- Remove the screw labeled F4 using the Phillips #1 screwdriver.
- ⓘ There are 2 screws labeled F4, the correct screw is the one closer to the hard drive.

Step 2

- Gently slide the optical drive out of the device.
