

# Eureka ReadyForce 900A filter Replacement

Replace your filter to avoid the vacuum clogged in order to move air and dust through the cleaner.

Written By: Yufan Cao

## INTRODUCTION

You could find the filter which is at the bottom of the vacuum cleaner. The replacement is needed because if the filter is not working well, it might have problem for vacuum cleaner to picking up dirt.

## Step 1 — Filter

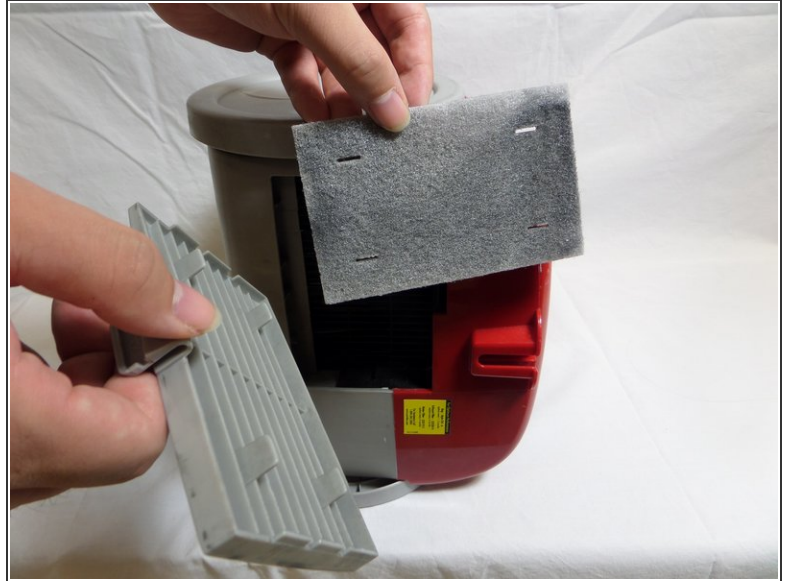

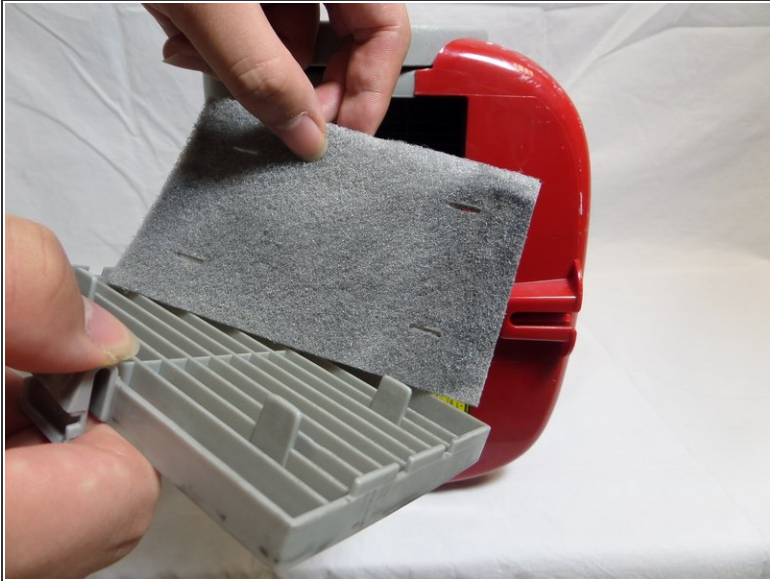

- Put the vacuum cleaner sideways.

## Step 2

- Open the filter holder, by pushing the button and pull it up.

**Step 3**

- Remove the used filter from the device.
