INTRODUCTION

Steps on how to open up the back of a LeapFrog LeapPad Ultimate.

🔧 TOOLS:

- Phillips #1 Screwdriver (1)
- iFixit Opening Tools (1)

This document was generated on 2020-11-28 07:05:21 AM (MST).

Step 1 — Back Panel

- Flip over the Pad to its back side to begin the removal of the back panel.

- Begin by removing the blue rim along the edge of the device. It runs along the green silicone lining.

⚠ This is very difficult to remove , so do be patient. To help remove the seal, both a metal spudger and plastic opening tool may be used.

ⓘ Remove the pen from its place before starting to avoid tangling.

Step 2

- Once the blue rim is removed, the 12 screws will be visible.

- Use the Phillips #1 screwdriver to unscrew all 12 screws.

To reassemble your device, follow these instructions in reverse order.
