

Escort Passport 9500IX Button Replacement

This guide will help you with replacing your Escort Passport 9500IX buttons.

Written By: Kennedy Morales

INTRODUCTION

Are the buttons on your Escort Radar 9500IX's cracked or jammed? If this is the case, then follow this guide to replace the buttons on your radar.

TOOLS:

- [Phillips #1 Screwdriver](#) (1)
 - [Spudger](#) (1)
-

Step 1 — Back Panel

- Remove the three 1.2 mm Phillips #1 screws on the back of the device.

Step 2

- Pry off the back panel of the radar using the nylon spudger.

Step 3 — Buttons

- Carefully pry the grey frame off the black plastic covering using the nylon spudger.

Step 4

- Slowly peel the buttons off the button board.

To reassemble your device, follow these instructions in reverse order.
