

HP Pavilion dm1z-3000 Keyboard Key Replacement

This guide will show you how to replace an individual key for the HP Pavilion dm1z-3000.

Written By: Izaac Ornelas

INTRODUCTION

This guide will demonstrate and explain how to replace individual keys that may not function properly.

TOOLS:

- [Metal Spudger](#) (1)

PARTS:

- [keyboard key](#) (1)

Step 1 — Keyboard Key

- Make sure the computer is shut down.
- Open the laptop so the keys are facing you.

Step 2

- Softly place the tool about an eighth of an inch under the key, and gently pry the key off by lifting upwards.

To reassemble your device, follow these instructions in reverse order.
