

HP Color LaserJet Pro MFP M277dw toner cartridges Replacement

learn how to replace you printer's cartridges

Written By: Max Li

 **TOOLS:**

- [two hands\(real\)](#) (1)
-

Step 1 — your printer

- find the two notches on the side that allow you to easily open the front panel.

Step 2 — open the front panel

- don't pull too hard as you might break your printer.
- pull both notches

Step 3 — pull out the tray that contains the toner cartridges

- pull on the BLUE handle.

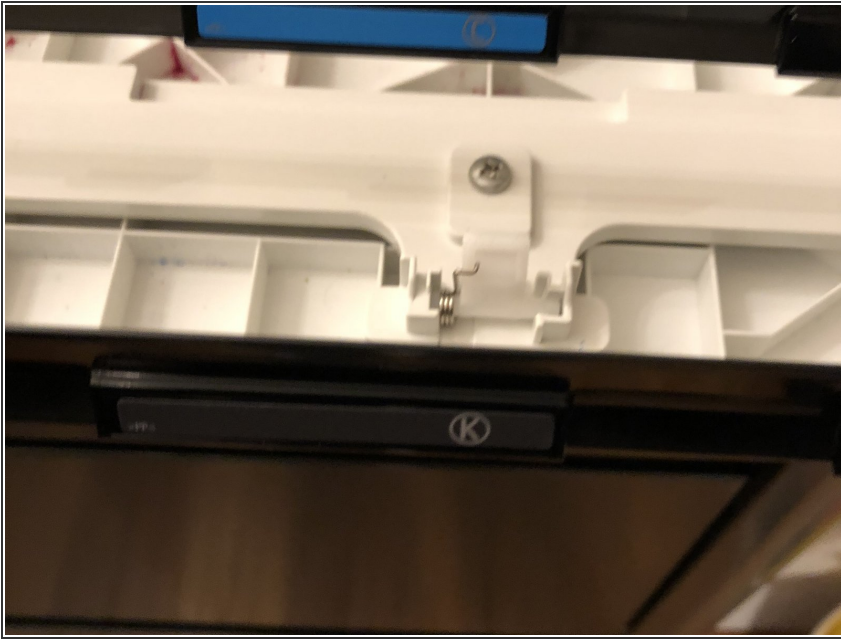

Step 4

- take out your printer cartridges one-by-one.

⚠ dispose properly!

Step 5

- beware that there are little markings in each slot that says the color DO NOT MIX THESE UP
- ★ do not mix the cartridges up
- ⚠ do not touch the blue/green roller on the bottom of your new cartridges.

Step 6

- put them back in the printer
- look at the pictures for more info
- push the tray back and close the front panel

To reassemble your device, follow these instructions in reverse order. or look at the pictures on step 6.
