

How to Force Restart Apple Watch Series 5

This guide shows you how to force restart an Apple Watch.

Written By: Tobias Isakeit

INTRODUCTION

Use this guide to force restart an Apple Watch.

Step 1 — How to Force Restart an Apple Watch

- Push and hold both the "Power" button and "Digital Crown" for at least 10 seconds.
- Release the buttons when the Apple logo appears.

To reassemble your device, follow these instructions in reverse order.
