

How to fix a freezing iPod Classic

Written By: Tokusan Guide

INTRODUCTION

This tutorial will show you how to fix the freezing iPod. You can fix this issue.

Step 1 — Hold the Menu and Center button

- Hold the menu and center button until you see the Apple logo. If you see the Apple logo, immediately release the menu and the center button.
- ⚠ Do not use too much power holding the iPod classic. If you hold the iPod classic menu and the center button too much, the menu and center button doesn't work.

After you restart, the iPod should be working again.
