

Safety Precautions

Safety precautions required for making repairs on a EDCO Floor Stripper TS8 .75L (2017).

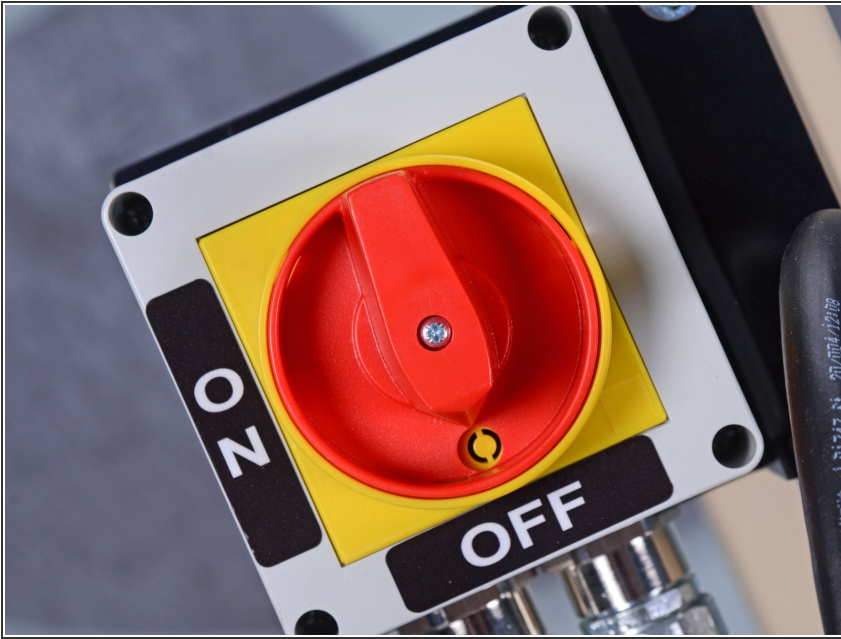

Written By: Robert Boyd

INTRODUCTION

This is a prerequisite-only guide! This guide is part of another procedure and is not meant to be used alone.

Step 1 — Safety precautions

- ⚠ Before you begin, ensure the device is powered down and cool to the touch.
- Ensure the machine is unplugged.
- Turn the power switch counterclockwise into the **OFF** position.

To reassemble your device, follow these instructions in reverse order.
