

LG Encore GT550 Earphone Replacement

This guide will demonstrate how to replace the ear phone.

Written By: Lindsey Harding

 **TOOLS:**

- [Phillips #0 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
-

Step 1 — Earphone

- Slide the back cover off.

Step 2

- Remove the battery.

Step 3

- Remove the 6 screws around the edge with a Phillips screwdriver.

Step 4

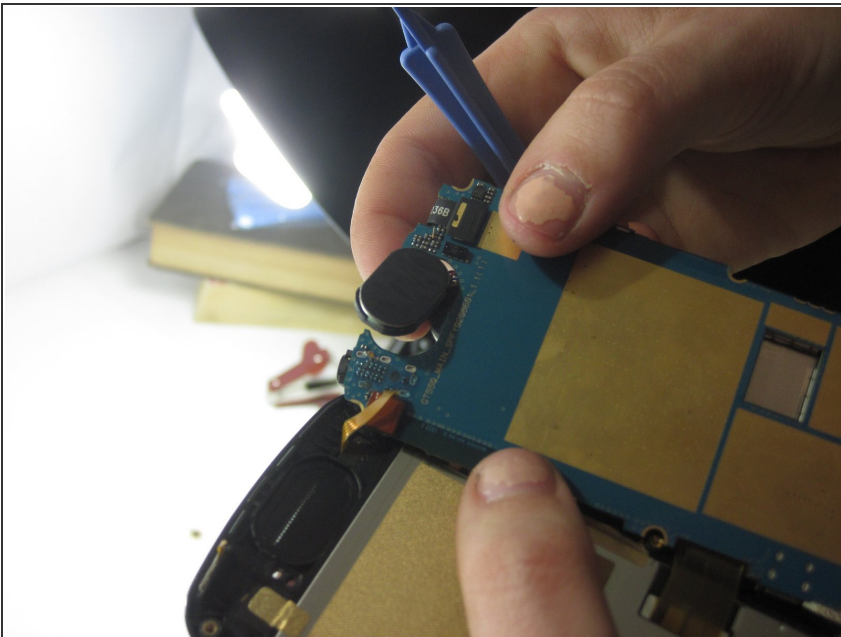

- Separate the frame of the phone using an opening tool.

Step 5

- Separate the screen and the motherboard.

Step 6

- Remove the speakerphone and replace it.

To reassemble your device, follow these instructions in reverse order.
