INTRODUCTION

Removing the SIM card from a phone can be important if you are trying to change carrier data, or perhaps trying to access an internal component of the phone. If you need to remove the SIM card for the Xperia Z, this is the guide you should follow.
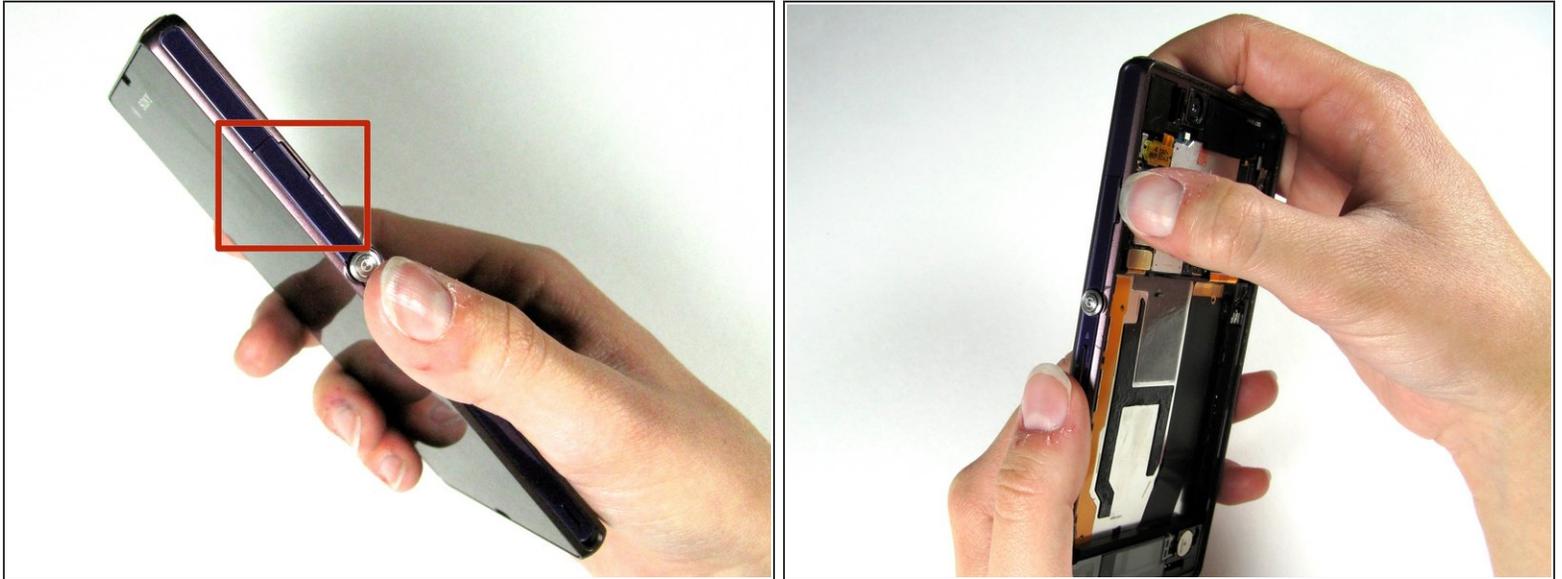

TOOLS:

- Tweezers (1)

PARTS:

- Sony Xperia Z SIM Card Tray (1)

Step 1 — SIM Card

- The SIM card of the Xperia Z is located in the unlabeled slot above the power button.

- Gently open the cover by pushing it to the left.

- ⓘ Some photos in this guide show the back cover of the phone removed. If you are only removing the SIM card, removing the case is not necessary.

Step 2

- ⚠ To avoid damage to the SIM card, be careful when removing and handling it.

- Carefully pull the SIM card and SIM card tray out of the phone
