🔧 TOOLS:

- Spudger (1)

Step 1 — Battery

- Position the laptop screen-side down as shown.

- In this position the battery housing will be located on the right hand side.

Step 2

- Lift the panel up and then out to gain access to the battery.

Step 3

- Use the indentations to pull the old battery out.

Step 4

- The battery is now removed and it is safe to move on to uninstalling other components.

Step 5 — Single Key

- Use the pludger to pop off the key by prying under it.

- You now can clean and replace the key.

To reassemble your device, follow these instructions in reverse order.
