

LG TP 1100 Earpiece Replacement

Written By: Johnny Inlow

INTRODUCTION

The earpiece above the screen.

TOOLS:

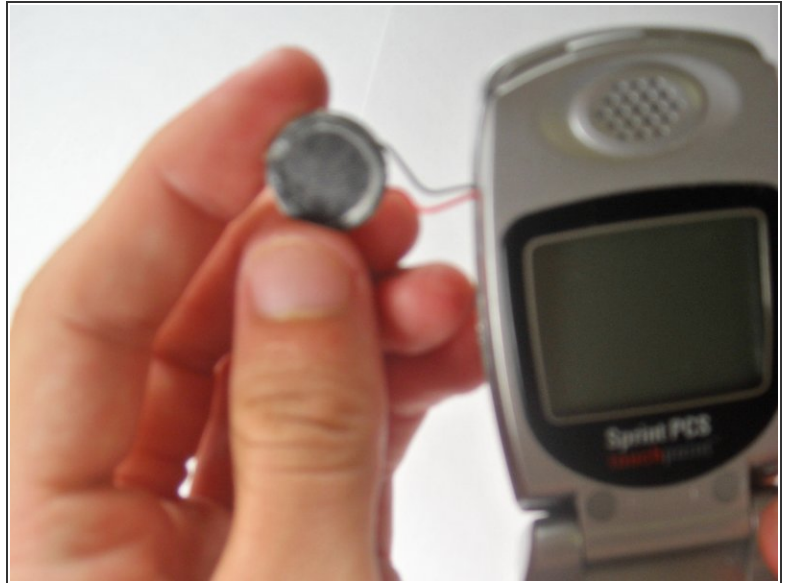

- [iFixit Opening Tools](#) (1)
 - [Spudger](#) (1)
-

Step 1 — Earpiece

- Slide opening tool into crevasse and pry open top cover
 - Do so on both sides
 - Do not completely remove cover

Step 2

- Pry out speaker with heavy-duty spudger

⚠ Caution! Wires attached to the headphone and LCD display are fragile. Do not disconnect the wires connecting the speaker

To reassemble your device, follow these instructions in reverse order.
