

Sony XPERIA Tablet Z Front and Rear Facing Cameras Replacement

Follow this guide to replace both the front and back cameras of your Sony Xperia Tablet Z.

Written By: Martin Luna

 **TOOLS:**

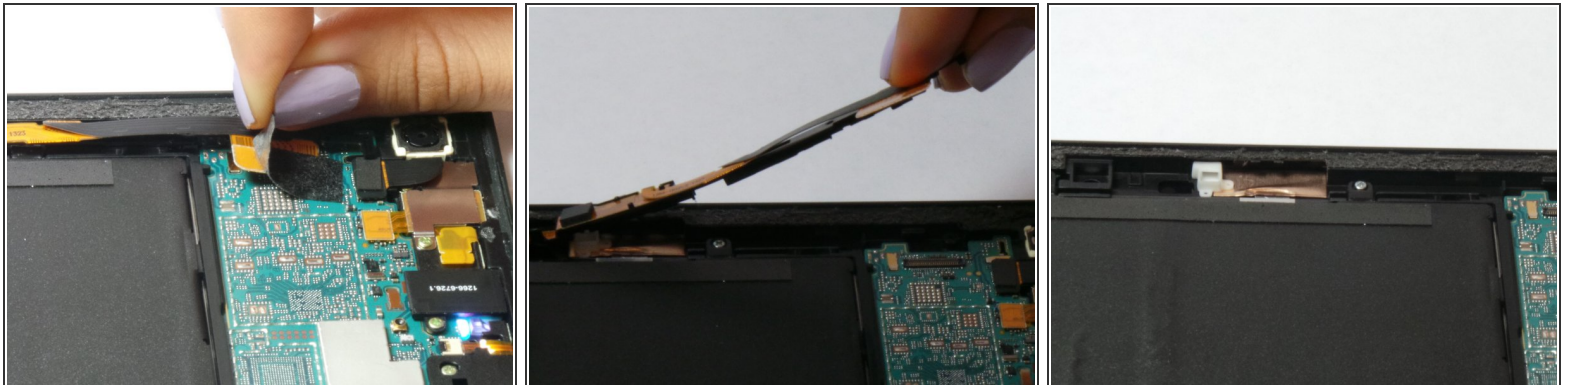

- [Phillips #00 Screwdriver](#) (1)
 - [iFixit Opening Tools](#) (1)
 - [Tweezers](#) (1)
-

Step 1 — Remove the back cover

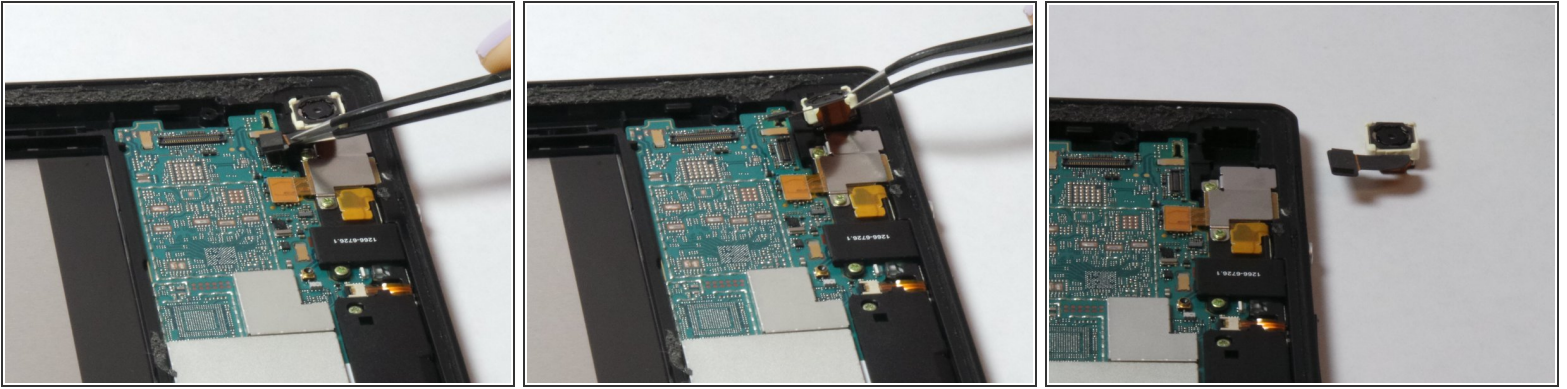

- Tools you will need is the Phillips #00 precision screwdriver, Plastic Opening Tools, and tweezers.
- Insert plastic opening tool in the corner of device and slide along edges to separate adhesive.
- Remove cover

Step 2

- Remove tape connecting front camera to motherboard and then disconnect the camera from the port.
- Lift the camera from the right and simply wiggle out of the slot.

Step 3

- Disconnect the back camera from the port located in the upper right corner.
- Lift up the camera cable using the tweezers.
- Wiggle out camera from the slot.

To reassemble your device, follow these instructions in reverse order.
