

# Toshiba Satellite 1415-S105 Battery Replacement

How to replace the battery in your Satellite 1451

Written By: Kiril Lange

## INTRODUCTION

If you are having troubles with your battery, or it no longer holds charge. It is a wise decision to replace it with a new battery.

## Step 1 — Battery

- The battery is located on the front right corner of the laptop.

## Step 2

- With one finger on the raised grip, slide the latch towards the front of the laptop.

### Step 3

- Pull the battery out towards the side.

### Step 4

- Lift the battery straight up, out of the computer.

To reassemble your device, follow these instructions in reverse order.
