INTRODUCTION

Use this guide to replace the USB cover and SD card slot cover for a Sony Xperia Z3 smartphone.

Note that although the photos in this guide feature a Z3 model with its battery and other components removed, it is not necessary to remove these components to replace the USB cover and SD card slot cover.

Step 1 — USB cover and SD card slot cover

- Use your fingers to pull firmly on the broken USB port cover until it pops out.

- Remove the USB port cover.

Step 2
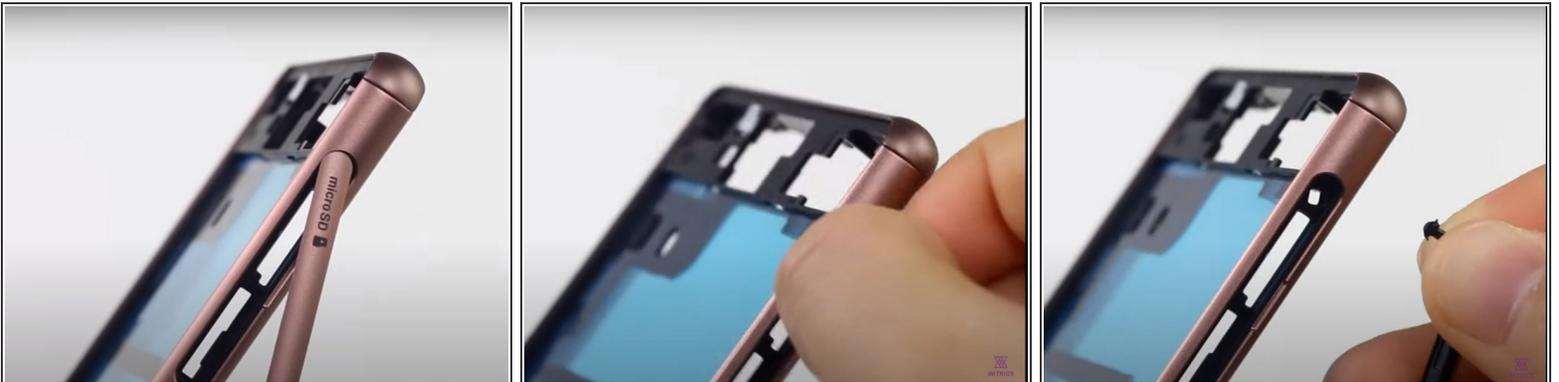

- Use your fingers to firmly pull out the SD/SIM card flap.

- Remove the SD/SIM card flap.

To reassemble your device, follow these instructions in reverse order.
