

# Motorola Droid X2 Battery Replacement

Replacing the battery in a Motorola Droid X2.

Written By: Aaron Mak

## INTRODUCTION

This guide is for if your battery is dying and you need to replace it with another. No tools are need for this replacement. It is very straight forward.

## Step 1 — Battery

- Slide the plastic case off of the back of the phone, exposing the battery.

## Step 2

- Pull up on the red battery release tab and pull the battery out of the phone.

To reassemble your device, follow these instructions in reverse order.
