# Nokero N400 Suction Cup Replacement

In this guide we walk you through the steps in replacing the suction cup on your Nokero N400.

Written By: Daniel Bumiller

INTRODUCTION

If the suction cup no longer sticks to surfaces or if the plastic has split, you will need to replace the suction cup with a new one.
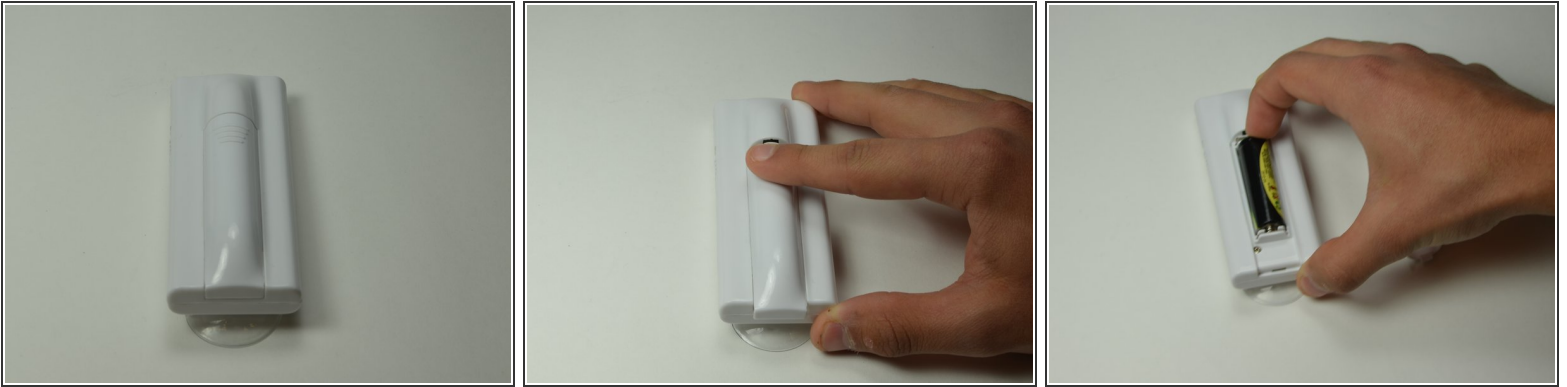

TOOLS:

- Tweezers (1)

PARTS:

- Suction Handle (1)

Step 1 — Remove Battery Cover

- Press down firmly to remove the battery cover and display battery.

- Then remove the battery.

## Step 2 — Unscrew Back Cover

- Remove the 7mm Phillips #1 screw.
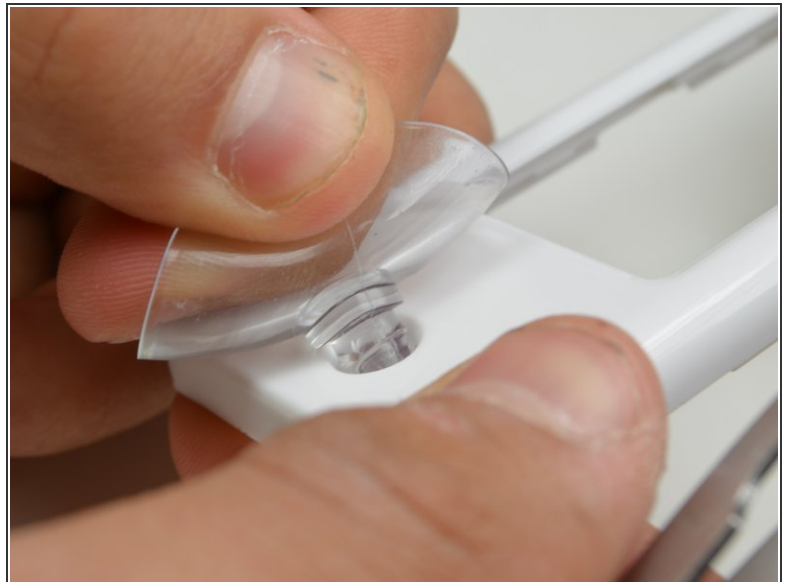

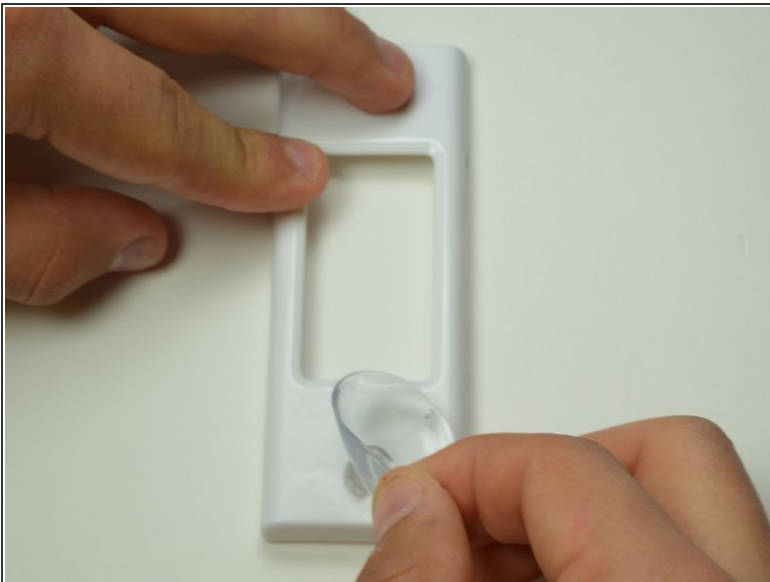

Step 3 — Pry Open Back Cover

- Place the plastic opening tool in between the two plastic panels and slowly work your way around the device.

- Unlatch the clips on the inside and pull device apart.

- ⓘ Some clips will break when forced open.

Step 4 — Begin Removal

- Using tweezers, push the edges of the back end of the suction cup inward.

Step 5 — Remove Suction Cup

- Flip the cover over and remove the suction cup by pulling at an angle.

- (i) Be careful not to tear the plastic housing.

- (📌) During reassembly, make sure to press down uniformly on the suction cup for an even fit.

To reassemble your device, follow these instructions in reverse order.
