

Sony Ericsson z300 Front Phone Cover Replacement

Removing the front cover of the phone to add some personal flare to your phone.

Written By: Alex Serventi

INTRODUCTION

This guide will explain how to remove the front cover of the phone. This will need to be accomplished in order to make any other repairs to the phone.

Step 1 — Front Phone Cover

- To remove the front cover, lift up the case with a fingernail in the small slot as shown.

To reassemble your device, follow these instructions in reverse order.
