Shark Navigator Roller Brush Replacement

Replace the roller brush on your Shark Navigator.

Written By: Jeremiah Shyne
INTRODUCTION

This guide will walk you through how to replace the roller brush.

TOOLS:

- 6-in-1 Screwdriver (1)
- Phillips #2 Screwdriver (1)
Step 1 — Roller Brush Compartment

- Pop out the two small wheels located on the front end of the bottom of the roller brush compartment.

Step 2

- Remove the 10 Phillips screws located on the bottom of the roller brush compartment. (Two of these screws are located under the wheels from the previous step.)
  - The screws have varying lengths, so keep track of where each one goes for reassembly.
Step 3

- Remove the white plastic cover to expose the roller compartment underneath.

Step 4 — Roller Brush

- Lift the roller brush out of its holders.

To reassemble your device, follow these instructions in reverse order.
