

# Samsung MV900F Battery Replacement

This guide will help replace the battery for the Samsung MV900F.

Written By: matthew

## INTRODUCTION

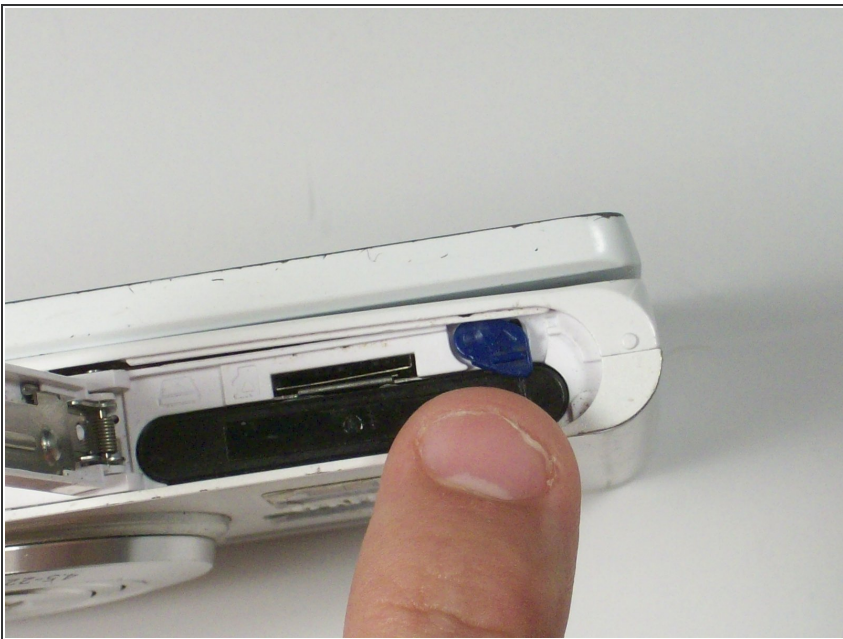

This guide will teach the reader how to remove the old battery from the Samsung MV900F and replace it with a new battery.

## Step 1 — Battery

- Slide the lock towards the middle of the camera, in the same direction of the arrow.

## Step 2

- Push the blue battery holder up in the direction of the arrow.

### Step 3

- Pull the battery out of the battery slot.

To reassemble your device, follow these instructions in reverse order.
