

# iPod Nano 2nd Generation Bottom Bezel Replacement

Written By: iRobot

## INTRODUCTION

The plastic part on the bottom of the iPod.

### TOOLS:

- [iFixit Opening Tools](#) (1)

### PARTS:

- [iPod nano \(2nd Gen\) Bottom Bezel](#) (1)

## Step 1 — Bottom Bezel

- i** Before opening your iPod, ensure that the hold switch is in the locked position.

## Step 2

- !** When removing the the bottom bezel, be sure not to bend the plastic surrounding the dock connector.
- Carefully insert an iPod opening tool in the seam between the metal casing and white plastic bezel
  - Lift the bottom bezel off the iPod. It's glued on using a mild adhesive, so some force may be required.

To reassemble your device, follow these instructions in reverse order.
