

Nokia 2366i Battery Replacement

Written By: Jonathan Newman

INTRODUCTION

This guide is a step by step process to remove the battery of the phone. It is a preliminary step to many installation guides.

TOOLS:

- [Spudger](#) (1)
-

Step 1 — Battery

- Turn off the phone.
- ⓘ Position the phone so that the back side is in view.

Step 2

- Apply pressure on the cover while simultaneously sliding the cover downward.
- Remove the back battery cover.

Step 3

- Insert the spudger between the base of the phone and the phone battery.
- Position the phone so that the battery won't fall out of the phone.
- Carefully lift the battery out of the phone.
- ⓘ The battery lifts out of the phone easily.

To reassemble your device, follow these instructions in reverse order.
