

Turtle Beach Ear Force Stealth 500P Ear Pads Replacement

A guide for replacing the ear pads of the Turtle Beach Ear Force Stealth 500P.

Written By: Noah Franklin

Step 1 — Ear Pads

- Grasp the ear pad from the inside edge and pull until it comes free from the speaker.

Step 2

- Take new ear pad, stretch, and place bottom edge over groove on edge of speaker and release.

Step 3

- Using thumb or pointer finger from the inside of the speaker pad, push the lip of the pad into the groove on the speaker.

To reassemble your device, follow these instructions in reverse order.
