

Leica Z2X Battery Replacement

Written By: Kenny

INTRODUCTION

The battery compartment is located on the bottom of the camera on the right side. Replacing the battery should be a breeze.

Step 1 — Battery

- On the underside of the camera, there will be a small door that you can open by pushing out.
- Having done this, the battery door should pop itself up and allow you to slide in a new battery.

Step 2

- From here, simply insert a new CR123A Lithium battery.

To reassemble your device, follow these instructions in reverse order.
