

Dell Inspiron 8600 Hinge Cover Replacement

This guide will show you how to remove and replace the hinge cover of your Dell Inspiron 8600.

Written By: John Nesthus

INTRODUCTION

We will show you how to remove both the upper and lower cases of your Dell Inspiron 8600. You will then remove the old strip then replace the hinge cover. And finally re-attach the upper and lower cases.

TOOLS:

- [Phillips #1 Screwdriver \(1\)](#)
 - [Flathead 3/32" or 2.5 mm Screwdriver \(1\)](#)
-

Step 1 — Battery

- Remove the battery from the bottom of the laptop.
- ⓘ Please click on the following link for further instruction on how to remove the battery. [Dell Inspiron 9100 Battery Replacement](#)
- ⚠ It is important to remove the battery so that you will not be electrocuted while working with the computer's hardware.

Step 2 — Hinge Cover

- Insert a spudger into the notch at the far left side of the top blue panel and pry the hinge cover off.
- You may need to pry the other side off as well. You can do this by inserting the spudger between the hinge and the top cover.
- ⚠ Be careful of the wire attached to the underside of the hinge cover.

Step 3

- Pull the small black tab on the right hand side of the laptop.
- You have now removed the hinge cover.

To reassemble your device, follow these instructions in reverse order.
