

Amazon Fire TV Stick Remote Battery Replacement

In this guide you will change the batteries correctly in the Amazon Fire TV Stick remote.

Written By: Andrew Busse

INTRODUCTION

This guide takes you step by step through the process required to replace the batteries of the Amazon Fire TV Stick remote. This task is simple and should not take more than a few minutes. To complete this you will need a plastic opening tool and two new batteries. If you follow the easy steps you will successfully change the remote batteries in your Amazon fireTV stick.

TOOLS:

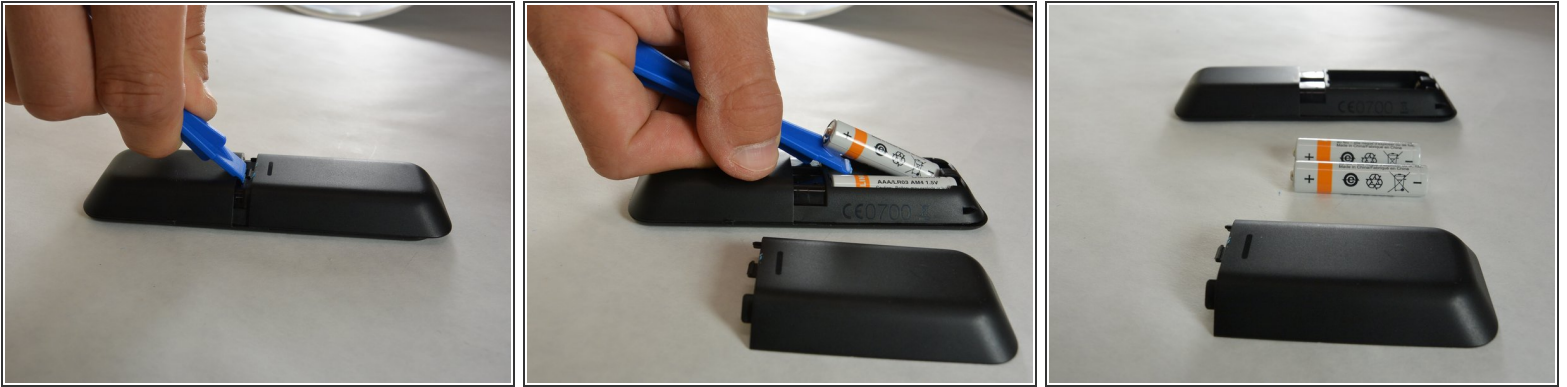

- [iFixit Opening Tools](#) (1)

PARTS:

- [AAA Battery](#) (2)

Step 1 — Remote Battery

- Use the plastic opening tool to press into the seam between the remote and battery cover.
- With the same tool to help pop the batteries out.

Step 2

- Place two fresh batteries back inside the remote and slide the cover back on.
- ⓘ Ensure positive ends of the batteries both point towards the top of the remote.

To reassemble your device, follow these instructions in reverse order.
