

Samsung Rant Battery Replacement

Removal of the battery from the Samsung Rant cell phone.

Written By: Todd

INTRODUCTION

To remove the battery in the Samsung Rant, you must first remove the back cover. Then the battery will be accessible for removal.

Step 1 — Back Cover

- Turn phone over in the palm of your hand, with the screen facing down.
- While grasping the bottom part of the phone with one hand, use your thumb to push the release button at the end of the phone.
- This will release the back plate latch; then lift the back plate up and out toward the other end of the phone.
- You should now be able to lift the plate completely off the phone.

Step 2 — Battery

- Place your thumb at the notched area at the bottom portion of the phone.
- Gently lift up and pull the battery out in the opposite direction.

Step 3

- Take battery out of phone.

To reassemble your device, follow these instructions in reverse order.

*New Battery information: Standard Lithium Ion (Li-Ion); Talk time: 5.6 hours max. (336 minutes)
