Step 1 — Battery

⚠ Remove the charging adaptor. Some charge may still be in the battery or computer. DO NOT touch connectors or copper yellow connector.

- Locate the battery on the bottom of the computer.

- Flip the computer so that the battery faces you.

Step 2

- Locate the two latches with the words "lock" and "release" on them.

Step 3

- Push the latches towards each other and lift the battery to remove it.

To reassemble your device, follow these instructions in reverse order.
