

Drobo FS DRDS2-A Case Removal

Removing the case of the Drobo FS DRDS2-A to get to the components inside.

Written By: Alexander Goodell

INTRODUCTION

This guide walks through removing the exterior case of the Drobo to get to its inside.

TOOLS:

- [Phillips Screwdriver](#) (1)
-

Step 1 — Case

- To start getting the case off remove the front panel so it's out of the way.

Step 2

- Next remove the screws from the feet of the case with a phillips head screwdriver.

Step 3

- To remove the case, place the Drobo on its back and slide the case off.

To reassemble your device, follow these instructions in reverse order.
