Step 1 — Bottom Cover

- Power off your computer before you begin.

- Find and remove the 10 Phillips style body screws on the bottom of the laptop case.

Step 2

- Remove 2 screws, 1 located on the left hinge cover and one located on the right hinge cover.

Step 3

- Starting from the front, use a plastic opening tool to separate the bottom of the case from the body of the laptop.

To reassemble your device, follow these instructions in reverse order.
